New notebook Update

### (1) Keep or update colors customization/clipping and the order of areas/axes:

- colors and clipping : keep the book customization, or update from the Create phasing interface settings.
- order of areas/axes: keep the book customization, or update from the Create phasing interface settings ("Areas priorities" panel) and also from the status order (*Project > Properties*).

- axes width : keep the book customization, or update from the Create phasing interface settings.

**(2) Add new pages to the deliverable:**

**(3) Page by page modification:**

- modify the dates and start/end time, and also the associated drawing.
- delete one or several boards.

**(4) Global change of start/end times for the entire book.**

**(5) Apply the previous settings to the existing logbook, or create a new logbook.**
